To help you stay active, the Y has launched [Y360](#) (click the link)! These virtual classes are available to you at no cost during this crisis so you can stay healthy at home. **WOW! This is your chance to work out with thousands of Y members while in your own living room!**

We cannot wait to see you, in person, again!

Throughout the Y's history, we have provided critical services during challenging or uncertain times. This current situation is changing daily. We all need to continue to work together to slow the spread of coronavirus. The Y is working with our community partners to identify any critical needs that arise in our town and how to best to meet them.

As a nonprofit, we're working hard to serve during this time. Your generous support provides a foundation for our work.

On behalf of everyone here, at your YMCA, our hearts go out to all those impacted by COVID-19-this includes not only those diagnosed with the virus, but also their friends and family, those whose jobs and schools that have been impacted, health care workers, first responders, and so many more. Our focus is, as always, on the health and safety of our employees, customers, and our community.

It is our strong intention to resume all normal operations by March 30th but please remember that this is a very fluid and unprecedented situation. We will continue to keep you informed.

We are grateful for your understanding, flexibility, and support. If you have any questions, please don't hesitate to contact us at info@kenoshaymca.org.
